Plastics Forum 2018

“Disruptive Innovation and Plastics Transformation towards Thailand 4.0”

Co-Organized by Plastics Institute of Thailand & Reed Tradex Co., Ltd.

Tuesday of March 27th, 2018 between 13.30 -16.30 hrs.

At Ballroom Hall, 7th Floor, Landmark Hotel, Bangkok

Plastics industry is a main sector whose innovation has been supported by the government. The establishment of “Industry Transformation Center (ITC)” is the effort of the government to transform the industrial products, production method with Digital Manufacturing Transformation, and related industry manpower to cross over towards the industry 4.0.

In order to be another face that catalyzes the changes in the plastics industry, Plastics Institute of Thailand and Reed Tradex Co., Ltd. have come together to organize “Plastics Forum” on a topic of “Disruptive Innovation and Plastics Transformation towards Thailand 4.0” In the session, experienced experts from both the public and private sectors will provide insights as well as share perspectives, experiences, and visions on the advent of the new waves of innovations and development plan that will enable the industry to leap forward towards the much-awaited era.

Participants of the Plastics Forum 2017 will have the opportunity to gain insights and strategies by experienced veterans, along with discovering successful business factors by meeting with :

1. Business Owner in plastic industry and supported industry
2. Executive Level, Product Designer, Researcher, and Developer or representative in engineering technique and business marketing in plastic industry and related industry
3. Industrialist, Factory Manager, Production Manager, Engineer, or Technician
4. Public Organization and related Association

Remark : (As of 20 Mar 2018)

- Seminar conduct in Thai only
- Seminar is free of charge. Seats are limited and reserved for pre-registered delegates
